RGB+White LEDs, with built-in wireless DMX

SKU: B05127

Categories: [Battery powered projectors](#)

EAN13 : 5420025651271

brand JB Systems

- A battery powered LED floodlight, built around 15 watt RGB+White LEDs, to avoid unwanted color shadows.
- Beam angle = 10° or 25
- The ideal solution for many applications: exhibition stands, parties, special events...
- Autonomy of +/-8 hours in 3 color fade mode with a fully charged battery!
- Each projector is equipped with a wireless transmitter module that is 100% compatible with the W-DMX G4 protocol developed by Wireless Solution Sweden.
- The projector can still be used with the battery empty: just plug it into the mains!
- The RGB + White color variation is very smooth thanks to the high frequency electronic components of the dimmer.
- The battery charger recharges the battery while the projector is running on AC power.
- Different modes of operation:
 - Autonomous: personalized colors at your choice or automatic, and color change synchronized on the rhythm.
 - Master/slave mode: light shows synchronized to music, beautifully pre-programmed.
 - Controlled via DMX: wireless. (5 modes: 4, 5, 9 or 10 channels, Ledcon-02 Mk2)
 - Controlled by a wireless IR remote control
