brand JB Systems

- Compact, yet powerful and economical LED floodlight powered by Li-ion batteries.
- Equipped with 3 x 5 watt 9° swivel LED spotlights (3600K & CRI>80).
- An economical solution for many applications: buffet lighting, exhibition stands, ...
- Equipped with 2 magnetic bases: just clip it on a magnetic surface!
- 3/8" and 5/8" threads to attach the bar to a microphone stand.
- 2 velcro straps for easy mounting on a truss.
- Autonomy: +/-6hrs of use at 100% output on a fully charged battery!
- Equipped with magnetic filter holders for the use of all kinds of filters:
 - CTO/CTB filters: adjust the CCT to e.g. 4000K, 2700K, ...
 - Color Filters: choose any color you can imagine
 - Frost filters: beam angle adjustment
- 2 operating modes:
 - Controlled by a wireless IR remote control (included)
 - Simple manual operation
- The projector can still be used with an empty battery: just plug it into the mains!
- The battery charges while the projector is running on AC power.
