

AG29-022 blk

Référence: H11285

189,00 € inc. VAT

Angle Trio 2 directions 120°. **Supplied with 1x connection kit**

- 50 mm tubes
- 16 mm threads
- Triangular section with 240 mm distance between each tube (290 mm outside)
- Taper pin and key assembly
- Angle - 2 directions: 120
- Application: horizontal joint, point down
- Maximum dimensions: 500 mm x 500 mm
- Manufactured to ISO DIN 4113 and TÜV standards.
- Aluminium alloy structure (EN AW 6082 T6).
- The use of conical joints and wedges allows a very fast implementation of all types of configurations combining a great robustness with an irreproachable stability. Disassembly is also quick and easy.
