Compatibility	Aio4125 Board (1U half-width)
Function	Mounting under a horizontal surface
Includes	2 horizontal side mounts, complete set of hardware
Installation	Desk, shelf, technical cabinet, countertop
Usage	Integration into spaces without racks

Overview

Discreet under-surface mounting for non-rack installations.

The AioR3 kit allows you to securely mount half-rack AIO matrices (Aio4125) under a horizontal surface (desk, shelf, equipment cabinet, countertop). The two horizontal side mounts are positioned on the sides of the matrix and screwed into the supporting surface, providing a discreet and secure installation outside of a rack environment. Ideal for system integrations, tight spaces, or installations where a rack is not desired. The device remains accessible for maintenance while being securely held in place. Mounting hardware included.
