

## BEAM FURY-1

The combination of 60W RGBW LED and 4° high efficiency lens creates an extremely powerful single beam spotlight. It offers endless possibilities while remaining very easy to create amazing shows!

Référence: B04394

**839,00 € inc. VAT**

- The combination of 60W RGBW LED and 4° high efficiency lens creates an extremely powerful single beam spotlight. It offers endless possibilities while remaining very easy to create amazing shows!
- The ultra fast ENDLESS pan/tilt ROTATION with 16bit resolution make it an extraordinary tool for all kinds of spectacular shows! (a 270° tilt + 540°/630°pan conventional mode is also available)
- Thanks to the included 10° and 45° filters, this wonder can also be used as a wash light.
- RDM functionality for easy remote configuration: DMX addressing, channel mode, ...
- LED with very high refresh rate of 1200 Hz to avoid flickering in TV studios.
- The matrix LCD screen ensures easy navigation through the various configuration menus
- Choice of lamp behavior: halogen lamp (slow) or diode (fast)
- Four intensity variation curves: linear, square, inverted square, S-curve
- In case of DMX failure, the "all off" or "hold" modes will remain available.
- Lock function to prevent unwanted configuration changes.
- Individual white balance for each pixel to perfectly match the colors of multiple projectors.
- Factory default settings and personal settings can be stored/loaded.
- Neutrik PowerCon inputs/outputs: easy chaining of multiple units.
- 3 and 5 pin DMX inputs/outputs for maximum compatibility
- Equipped with Omega brackets for quick installation
- High efficiency and low energy consumption!
