

BEAM MATRIX5x5-RGBW

5x5 MATRIX effect, 25x 15W RGBW 4,5°beams + Artnet

Référence: B04416

- This projector is the logical evolution of our POWERMATRIX5x5-RGB!
- It is equipped with 25 **very narrow and extremely efficient 4.5° lenses**, combined with reliable RGBW LEDs with 15W power.
- The result is an incredibly powerful 5x5 narrow beam matrix effect projector that can turn the biggest concerts and TV shows into a breathtaking spectacle!
- A vast library of RGBW effects, containing letters, numbers, chases: controllable by 6 FX (sound effects) channels!
- Ethernet input/output with Art-Net support!
- RJ45 Ethernet input/output connections, equipped with an automatic bypass function for increased reliability.
- Internal Art-Net node: A DMX universe of "Art-Net to DMX conversion" is available on the DMX output.
- Many different DMX channel modes for different applications: 4, 5, 6, 7, 12, 25, 100, 125 & 150ch
- Excellent integrated programs offering fabulous light effects in perpetual change.
- RDM functionality for easy remote configuration.
- LED with very high refresh rate of 1200 Hz to avoid flickering in TV studios.
- Quiet operation thanks to the temperature-controlled cooling system with "low air flow".
- The internal light shows work autonomously, in master/slave mode or can be selected via DMX: static colors, color fades, different static chases, different sound-triggered chases.
- Backlit LCD display, 2x 16 alphanumeric characters for menu navigation
- Adjustable master dimmer for all stand-alone functions.
- Choice of lamp behavior: halogen lamp(slow) or LED(fast)
- Four intensity variation curves: linear, square, inverted square, S-curve.
- In case of DMX failure, the "all off" or "hold" modes will remain available.
- Lock function to prevent unwanted configuration changes.
- Individual white balance for each pixel to perfectly match the colors of multiple projectors.
- Factory settings + 2 user settings can be saved/loaded.
- Neutrik PowerCon inputs/outputs.
- 3 and 5 pin DMX inputs/outputs.
- Rugged metal construction, equipped with "toggle lock" mechanisms to quickly achieve large die deployments.
- A multifunctional stand for floor or structure mounting.
- Fully mechanically compatible with the POWERMATRIX5x5-RGB!
- A suspension support is available as an option (order code: 4407)
- The multi-function bracket, designed for floor or structure mounting, can accommodate omega brackets (optional)!
- High efficiency and low energy consumption!

Caractéristiques

Brand	Briteq
--------------	--------

Controllable colours	RGBW
Protection class	IP20
Protocole	Art-Net, DMX, RDM
