Technical specifications

Controllable colours	**RGBW**
Protection class	**IP20**
Protocol	**DMX, RDM**

Overview

This compact and elegant 15W RGBW projector is equipped with a very narrow 4° lens, which makes it a very powerful tool for all kinds of applications: perfect for all kinds of effects on stage, but also for simply illuminating mirror balls, etc.

Thanks to the included 10° and 45° filters, this beauty can also be used in a disco, on an exhibition stand, etc. (Perfect for lighting small objects and tables).

Six different DMX modes: from 4 to 7 channels.

RDM functionality for easy remote configuration: DMX addressing, channel mode,...

The OLED display makes it easy to navigate the various configuration menus.

Ready for TV studios: no cooling fan and 1200 Hz flicker-free LED refresh rate.

Choice of lamp behavior: halogen lamp (slow) or diode (fast)

Four intensity variation curves: linear, square, inverted square, S-curve

In case of DMX failure, the "all off" or "hold" modes will remain available.

Lock function to prevent unwanted configuration changes.

White balance adjustment to match multiple projectors.

Factory default settings and personal settings can be stored/loaded.

An infrared remote control is available as an option.

3-pin DMX inputs/outputs andNeutrik®powerCON® inputs/outputs for easy daisy-chain connection.
