

## BEAMSPOT1-DMX FC

Compact and elegant 15W RGBW projector with a very narrow 4° lens.

Référence: B04957

**179,00 € inc. VAT**

- This compact and elegant 15W RGBW projector is equipped with a very narrow 4° lens, which makes it a very powerful tool for all kinds of applications: perfect for all kinds of effects on stage, but also for simply illuminating mirror balls, etc.
- Thanks to the included 10° and 45° filters, this beauty can also be used in a disco, on an exhibition stand, etc. (Perfect for lighting small objects and tables).
- Six different DMX modes: from 4 to 7 channels.
- RDM functionality for easy remote configuration: DMX addressing, channel mode,...
- The OLED display makes it easy to navigate the various configuration menus.
- Ready for TV studios: no cooling fan and 1200 Hz flicker-free LED refresh rate.
- Choice of lamp behavior: halogen lamp (slow) or diode (fast)
- Four intensity variation curves: linear, square, inverted square, S-curve
- In case of DMX failure, the "all off" or "hold" modes will remain available.
- Lock function to prevent unwanted configuration changes.
- White balance adjustment to match multiple projectors.
- Factory default settings and personal settings can be stored/loaded.
- An infrared remote control is available as an option.
- 3-pin DMX I/O and Neutrik® PowerCON® I/O for easy daisy-chaining
