

BT-AKKUBAR

Compact and powerful Li-ion battery projector, equipped with 3 x 5W 25° swivel LED spotlights (3000K)

Référence: B05163

369,00 € inc. VAT

- Compact but powerful LED floodlight running on Li-ion battery
- Equipped with 3 x 5 watt 25° swivel LED spotlights (3000K & CRI>90)
- The ideal solution for many applications: lighting of buffets, exhibition stands, ...
- Rugged construction quality for frequent and versatile use in rental jobs.
- Equipped with sturdy magnetic rubber feet: just snap it onto a magnetic surface!
- Autonomy: +/-8 hours of use at 100% on a fully charged battery!
- Equipped with magnetic filter holders for the use of all kinds of filters:
 - CTO/CTB filters: adjust the CCT to e.g. 4000K, 2700K, ...
 - Color Filters: choose any color you can imagine
 - Frost filters: adjust the beam angle
- Multiple operating modes:
 - Integrated wireless DMX receiver (100% compatible with W-DMX G4 protocol)
 - Controlled by a wireless IR remote control (included).
 - Simple manual operation.
- The projector can still be used with an empty battery: just plug it into the mains!
- The battery charger charges the battery while the projector is running on AC power, a charging time of 3 hours.
- A sturdy flight case (50x50cm) is available as an option for the transport of 4 sets, including battery chargers.
