

BT-AKKULITE IP MINI

Compact LED Spotlight - IP65 - Battery operated - 4 x 10W RGBWA LED

Référence: B05168

309,00 € inc. VAT

- This battery operated outdoor LED floodlight is based on 4 x 10W RGBWA LEDs.
- Beam angle = 17
- The projection angle can be adjusted to 25° (from vertical to horizontal).
- Outdoor use: **IP65** rating.
- The perfect solution for outdoor applications: garden parties, outdoor events, lighting of trees, plants, pathways, ...
- +/-15 hours of use in fade mode on a fully charged battery in EnEy!
- **Each projector is equipped with a wireless transceiver module (transmitter and receiver) that is 100% compatible with the W-DMX G4 protocol from "Wireless Solution Sweden".**
- The projector can still be used with an empty battery: just plug it into the mains!
- Smooth RGBWA color changes with high frequency dimming electronics.
- The external battery charger recharges the battery while the projector is running on AC power.
- Different modes of operation:
 - Standalone: selectable custom colors or automatic and rhythmically synchronized color changes
 - Master/slave mode: wonderful pre-programmed light shows synchronized with music
 - DMX controlled: wireless (5 modes: 4-5-9-10 channels, LEDCON-02 Mk2)
 - Controlled by a small JB Systems LEDCON-02 Mk2 or LEDCON-XL controller
 - Controlled by the included wireless IR remote control

NOTE: This product has an IP65 rating when used for non-permanent outdoor installation and under normal conditions (not exposed to sea water).
