Référence: B05196

**139,00 € inc. VAT**

- Elegant white lighting, ideal for exhibition stands, presentation rooms, etc.
- Adjustable color temperature (CCT) suitable for various types of stands:
- 3000 K: warm ambience, perfect for furniture stands, bedrooms, etc.
- 4000 K: neutral light, ideal for kitchens, bathrooms, etc.
- 5600 K: cool light, perfect for jewelry stands and other luxury products.
- Easy installation on aluminum structures and vertical stand walls (mounting bracket included)
- Integrated 100-240 Vac power supply with IEC input/output connectors: up to 15 spotlights can be daisy-chained
- Optional power cables available in lengths of 1m, 3m and 5m
- Efficient replacement for older 300 W halogen lamps:
- Consumes about 10 times less energy
- Equivalent light output
- Significantly reduces heat generation
- Beam angle: 120° (luminous flux approx. 3800 lm)
- Ideal for rental or fixed installation in showrooms
