

BT-CHROMA 800 - Barndoor

Aluminium barn door for BT-CHROMA 800 projector

Référence: B05547

119,00 € inc. VAT

- This barn door controls the beam pattern of the projector and prevents annoying glare.
- Optimal beam control due to the 8-flap design.
- Simply attaches to the projector with 4 stainless steel bolts.
- The barndoor is mainly used for indoor applications, for a fixed outdoor installation it is preferable to choose the "BT-CHROMA 800 - Glare Shield" (code: B05548).
- Can be used with the filter holder (magnetic).
