

BT-COLORAY 18FCR WHITE

Référence: B05580

529,00 € inc. VAT

18 x 8 W RGBW LED IP65 floodlight with 20° beam angle. Fan cooled

- RGBW LED spotlight 18 x 8 W
- 20° beam
- IP65-rated for rugged outdoor use
- Three DMX modes: 4, 6 and 7 channels for maximum control flexibility
- Uses RDM functionality to simplify remote configuration, including DMX addressing and channel mode selection
- LCD display for easy navigation through the various configuration menus
- Perfect for TV studios thanks to flicker-free LEDs and 1200 Hz refresh rate
- Includes lighting behavior options, imitating a slow halogen lamp or a fast diode
- Four dimming curves: linear, square, inverted square and S-curve for customized lighting
- In the event of DMX signal loss, "all off" or "hold" modes ensure continuity of operation
- Includes a lock function to prevent unintentional changes to settings
- Allows white balance adjustment to harmonize multiple projectors
- Supports storage and loading of factory defaults and customized settings
- Equipped with 3-pin DMX inputs/outputs and Neutrik TRUE1 powerCON inputs/outputs for easy series connection
