

## **BT-NONAMOVE**

Référence: B05533

**990,00 € inc. VAT**

BT-NONAMOVE transforms the static BT-NONABEAM into an extremely powerful mobile performance projector, ready for the biggest shows on the planet!

- This new "moving yoke" unleashes a totally new potential for the already very impressive BT-NONABEAM!
- It transforms the static BT-NONABEAM into an extremely powerful mobile performance projector, ready for the biggest shows on the planet!
- It takes less than a minute and no tools to install the projector on the BT-NONAMOVE.
- No configuration is necessary: the intelligent communication between the two units ensures a seamless transformation into a completely new product.
- Extremely powerful three-phase motors ensure fast, quiet and precise 16-bit PAN/TILT movements.
- Combined DMX control for both units: 18 + 34 + 50 channels. (+ special 5 channel mode)
- Advanced and fully transparent RDM communication.
- An optional mirror adapter turns the BT-NONAMOVE into a 46x20 cm double-sided mobile mirror:
  - **Front:** The polished mirror can reflect a sharp light/laser beam in any direction.
  - **At the back:** a diffusing reflector can produce soft, dispersed reflections in any direction.
- Color display with compact configuration menu and rotary knob navigation.
- Easy cable chaining: 3-pin and 5-pin + Neutrik® PowerCON® TRUE-1 in/out
