

BT-PROFILE160/OPTIC 15-30

Optics for BT-PROFILE160/MOTEUR LED or BT-PROFILE250/MOTEUR LED with 15-30° zoom, gobo holder and optional diaphragm.

Référence: B06001

249,00 € inc. VAT

- High Power COB LED Cutter 160W
- It is an ideal substitute for energy-intensive halogen spotlights!
- Robust aluminium profile construction
- For practical reasons, the projector is sold in two separate parts:

- **BT-PROFILE160/OPTIC**

- Specially coated optical elements for sharp, well-defined projections
 - Four profiled, specially coated blades for minimal reflections
 - Two separate optical units with adjustable zoom are available:
 - **"BT-PROFILE160/OPTIC 15-30" (Order code: 6001): Zoom range 15°-30**
 - **"BT-PROFILE160/OPTIC 25-50" (Order code: 6002): Zoom range 25°-50**
 - Lockable compartment for the use of the available options:
 - **GOBO holder** ("BT-PROFILE160/GOBO HOLDER", Order code: 6003)
gobo outer diameter: 86mm, optical diameter: 48mm
 - **IRIS** ("BT-PROFILE160/IRIS", Ordering code: 6004)
Opening diameter: adjustable from 5 to 74 mm
- Using the combined zoom/focus with locking mechanism
 - Lockable lens compartment: easy access for cleaning the inner lens
 - Can replace ETC's "Source Four" optic
 - Rotating optical cylinder can be oriented and locked in any position

- **BT-PROFILE160/LED ENGINE** or **BT-PROFILE250/LED ENGINE**

The active part, fitted with a COB LED 160W or 250W, is sold separately.
