

BT-THEATRE 250EZ Mk3

Ultra-powerful 250 W LED theater spotlight with motorized zoom from 11° to 58° and very quiet cooling. Faithfully reproduces the effect of a Fresnel halogen thanks to redshift/amber drift.

Référence: B06052

990,00 € inc. VAT

Technical specifications:

- 250 W warm-white 3200 K LED with exceptional brightness
- Redshift/amber drift effect for a rendering faithful to traditional halogen Fresnels
- Outstanding photometric performance:
 - CRI/Ra > 98
 - TLCI > 98
 - CQS > 96
 - Rf > 95
 - R9 > 97

Includes filter holder and eight-leaf barn door

Features:

- DMX control with 7 channel modes (8-bit and 16-bit dimming)
- Wireless DMX compatible with direct DONGLE WTR-DMX connection
- HF PWM dimming up to 4.8 kHz for flicker-free TV recordings without dimmer noise
- Manual dimming and focus adjustment for precise alignment
- Fluid simulation of halogen lamp behavior
- Four dimming curves: linear, square, inverted square and S-curve

Other features:

- Optimized cooling system for ultra-quiet operation
- Improved LCD display for intuitive configuration menu navigation
- Integrated RDM functionality for simplified remote configuration
- Lock mode to prevent unintentional changes to settings
- Store and restore factory settings and custom configurations
- 3 and 5-pin DMX connections + powerCON TRUE1-compatible power inputs/outputs for easy chaining
- Suspension bracket compatible with omega bracket small
