SKU: B04387

Categories: [Beam moving head](#)

EAN13 : 5420025643870

brand Briteq

- A super compact but very powerful head based on the brand new SIRIUS HRI-100 discharge lamp from OSRAM!
- The advanced optics guarantee an incredibly bright beam with excellent characteristics:
 - Brightness: 310.000 lux at 5 m and 77.000 lux at 10 m!
 - Beam angle 3°.
 - 10 net gobos + 4 beamformers + open
 - 14 carefully selected dichroic + open beam colors
 - Very fast mechanical dimmer/shutter
 - Different stroboscopic effects
- 8-facet rotating prism with different macros, controlled by DMX
- The very fast pan/tilt movements (540°/270°) ensure a very dynamic show programming.
- Two DMX modes:
 - PRO: 12 channel mode with 16 bit pan/tilt resolution and position correction.
 - AUTO: 5 channel mode with sound controlled pan/tilt + intensity, strobe, gobo, color, P/T speed control.
- The backlit LCD display ensures easy navigation through the various setting menus.
- Easy firmware updates keep your device up to date at all times (an optional update module is required)
- Remote lamp on/off control
- 3-pin ^{Neutrik®} inputs/outputs for maximum flexibility in a professional environment.
- ^{Neutrik®} Powercon inputs/outputs: up to 16 A that can be easily connected in series
