brand ConteStage

- The BT-TRUSS TUBE is mainly used to extend the length of a T-DROP ARM or H-FRAME.
- With different lengths, you can mount your equipment at different heights
- Each tube has a standard diameter of 48 mm
- Satin black powder-coated finish to reduce the visibility of the tubes in your installation
- Slots are provided for easy attachment of safety cables
- Couplers for connecting multiple tubes together are not included but are available separately
- Length : 0,25 m
- Also available in other lengths: 0.50 m - 1 m - 2 m
- Weight : 0,46 kg
