

DELUSION

Référence: B05420

289,00 € inc. VAT

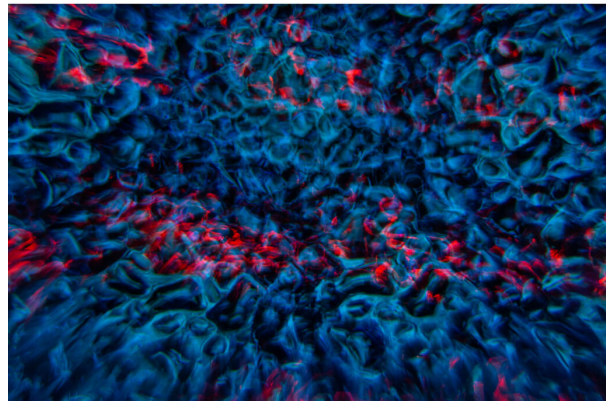

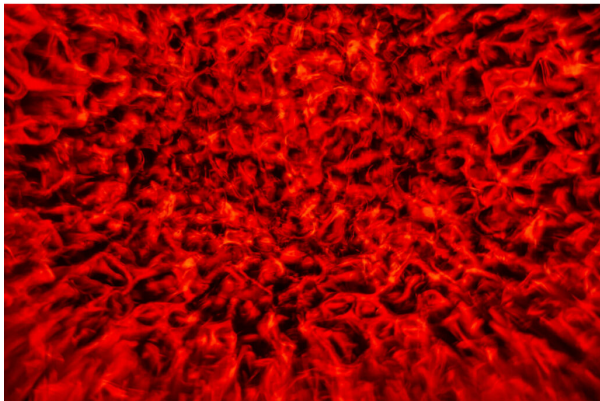

Multi-effect wall floodlight for background, equipped with 100W LED

- The Delusion is designed to project multiple lights for decorative and relaxing effects:
 - CLOUDS and SKY : projection of 2 different patterns of white/blue clouds;
 - WATER: projection of 2 different water patterns;
 - INFERNO and FIRE: projection of 2 different fire patterns;
 - HALLUCINATION : projection of various bizarre movements with multiple colors.
- Perfect for wall projections in lounge bars, showrooms, indoor theme parks, ...
- The wide 80° projection angle provides a large projection area at close range.
- The 100W white LED ensures saturated colors and low power consumption.
- Equipped with 2 effect wheels, a color wheel with 6 dichroic colors and a parabolic mirror.
- Multiple operating modes:
 - Controlled by DMX via 3, 5 or 7 channels;
 - Stand-alone mode (static or audio control) ;
 - Controllable via the optional IR-3 remote control.
