SKU: B04644

Categories: [Dimmer & Switch Packs](#)

EAN13 : 5420025646444

brand JB Systems

- Multifunctional dimmer/switch pack with 4 sockets (German Schuko).
- Prepared for use with low power LED loads: works with minimum loads of only 10 watts per channel.
- Maximum output power: 4x 1850W (Maxtot = 3450W/15A)
- Thanks to the design of the 19" brackets, the DSP-4 MK2 can be mounted in various ways:
 - Mounting in a standard 19" rack
 - Wall mounting for permanent installations
 - Mounting in or under an ALU bridge with hooks
- Lockable DMX inputs/outputs with POWER/DMX presence indicator
- 5-character LED display + 4 keys for easy menu navigation:
 - DMX addressing: each channel can receive its own DMX address
 - Assigning the dimmer or switch function for each channel individually
 - Separate presets for each channel with memory function (no controller needed)
- Input power supply with built-in 15A automatic fuse
- Individual 8A fuses for each channel
- All channels are equipped with 40A triacs for better reliability
