

FLEX-MIX 88

Multi-functional audio splitter/mixer

Référence: B08401

159,00 € inc. VAT

- This ultra-multifunctional audio splitter/mixer is a true savior that can be used in many different applications:
 - **AUDIO SPLITTER** with 2 inputs / 7 outputs (stereo input → 1 stereo + 6 mono outputs)
Possible applications are: distribution and control of audio to different areas in hotels, churches, schools, theaters, etc.
 - **AUDIO MIXER** with 7 inputs / 2 outputs (1 stereo + 6 mono inputs → stereo output)
A simple but effective mixer for combining and controlling audio from different sources
 - Multiple possible combinations
- Balanced line inputs and outputs available:
 - 1 Main stereo line input (XLR)
 - 1 Main stereo line output (XLR)
 - 6 mono line inputs/outputs (XLR / JACK): can be used in pairs to route stereo signals
- Each input/output section has its own volume control, pan/balance control and level meters.
- Compact 19"/1U rack mounting.
- Perfect for live sound, studio recording, multi-zone control, active speaker demonstration, etc.
