

FT-20X

Portable battery powered smoke machine, perfect for firefighter training or movie sets

Référence: B04885

- Portable battery powered smoke machine, perfect for firefighter training or movie sets.
- No preheating time: just press the button and the smoke can be generated immediately.
- A rotary knob allows users to adjust the volume of smoke output.
- This set includes :
 - The FT-20X smoke generator
 - The 12V DC battery base
 - The FT-20-BCL battery charger
 - 500 ml of FLM smoke liquid
 - Flightcase
- The machine can produce approximately 11 minutes of continuous smoke at full power when powered by a battery.
- With the optional FT-20S base (AC 100-240V), the smoke outlet = NON-stop, as long as there is smoke liquid in the tank.
- Control :
 - Manual by push button and level control knob
 - By DMX
 - With the optional wireless remote control WTR-20
 - With the optional Z-3 wired remote control
- Always use Antari FLM smoke fluid.

Caractéristiques

Brand	Antari
