

## HeadZ Fuchsia

The top of the line lightweight headphones + microphone with excellent sound quality for your smartphone, tablet, computer, etc.

**Référence:** B00512

- The top of the line lightweight headphones + microphone with excellent sound quality for your smartphone, tablet, computer, etc.
- It even has an audio output where you can connect a second set of headphones!
- 38mm Neodymium magnet drivers provide clear, detailed sound with a rich, full low frequency response
- The cable kit includes:
  - A special cable with integrated condenser microphone and a standard smartphone plug
  - an additional OMPT cable (for some smartphones that use a different wiring method)
  - A computer adapter with separate pins for microphone and headphones (computer conferencing or video calls, Skype ™, etc.)
- Do you want to share your music with your partner or friend? This is no longer a problem: the headphones are equipped with an audio output that allows the connection of a second headset
- Adjustable headband and leather pads for comfort.
