brand Hilec

- Avoiding direct human contact is the best way to protect yourself from viruses (Corona)!
- Our "HEALTH-SCREEN" easily creates that extra security!
- Designed to be used in stores, offices, schools, restaurants, bars, ...
- **Tempered glass instead of Plexiglas:** no scratches, a much nicer look and no damage when using alcohol-based disinfectants!
- Cost effective and very easy to assemble!
- There are two solutions that can be easily adapted to different situations.
- **This set contains:**
 - 2 metal adapters with a 30 cm base that can be placed freely on any flat surface or fixed with screws.
 - 1 tempered glass panel of 100 x 75 cm (5 mm thick)
 - Mounting material
- Possibility to fix the tempered glass in horizontal or vertical position.
- Different installation heights (5, 10, 15 cm) are possible to create a passageway for store counters.
