

## **HZ-500**

**Référence:** B04817

**2190,00 € inc. VAT**

ANTARI Hazer professional

- **Extremely low noise level:** less than 70 dB at a distance of 10 cm, ideal for spaces where silence is crucial.
- **Dry mist:** the HZ-500 generates an ultra-dry mist, without adding moisture to the environment.
- **Extremely fine particles:** the HZ-500 produces incredibly small particles, enabling better dispersion in the air and longer mist duration.
- **Washable metal mesh and filter:** a metal mesh and filter prevent clogging. Easy to detach and clean with water.
- **Low fluid consumption:** only 1 liter of fluid is needed for 20 hours of continuous operation.
- **Compact carrying case:** included for greater protection, durability and ease of transport.
- **Integrated DMX:** for total control anytime, anywhere.
