Multieffect: 23W led effect + 200mW red+green laser

SKU: B04176

Categories: [Animation effects](#)

EAN13 : 5420025641760

brand JB Systems

- Buy one effect and you get it all!
- This incredible effect combines 3 different effects in a wonderful combination:
 - LED effect, identical to our LED DEVIL (5 x 3 watt LEDs of different colors: red, green, blue, orange, white).
 - LED strobe effect: powerful white light-emitting diodes (8 x 1 watt diodes).
 - LASER effect: wonderful red (150 mW)/green (50 mW) laser patterns, Class 3R laser.
- A lot of different internal programs to make life easier!
 - Controlled by DMX (Digital Multiplexing): 1 channel for easy operation or 9 channels for total control.
 - Autonomous: sound activation (by internal microphone) or automatic.
 - Master/Slave: magnificent synchronized shows.
- 3-digit LED display for easy menu navigation.
- IEC main power input + output for easy connection.
- Key-operated on/off switch and safety switch (lockout) for added security.
- Complies with EN/IEC 60825-1 2007 standards for laser safety.
