The screenshot displays a professional video editing software interface. At the top, there are playback controls and timecode information. The main area is a multi-track timeline with the following tracks from top to bottom:

- Music:** Contains an audio waveform and a clip titled "C:\Users\Chromateq\Desktop\MP3 said\Daft Punk - Aerodynamic.mp3".
- Video:** Contains two video clips with titles "Chromateq\Desktop\Eloide\CIMG" and "romateq\Desktop\Eloide\CI".
- Moving Head XY:** Contains a clip titled "New - test1".
- MH Color:** Contains clips labeled "scene general - Scene 6" and "scene general - Scene 7".
- MH Effects:** Contains clips labeled "scene general - Scene", "scene", "scene 4", and "scene general - Sc".
- Matrix panel:** Contains a clip labeled "scene general - Scene 16".
- PAR SCAN RGB:** Contains a clip labeled "scene general - Scene 17".
- Scanners:** Contains a clip labeled "scene genera".
- TRANSFORM:** Contains a clip labeled "scene Devels".
- PAR SCAN RGB (bottom):** Contains a clip labeled "scene general - scene 17".
- Matrix panel (bottom):** Contains a clip labeled "scene general - scene 16".
- MH EFFECTS (bottom):** Contains a clip labeled "scene general - scene".

On the right side, there is a "Video" preview window showing a film strip with a white musical note on a black background. Below it is a faded version of the same preview window.
