-

Overview

1024 (2x 512) Channel DMX interface for fixed architectural purposes

Can easily be mounted on walls of any surface.

All the connections are on inside the back panel so no wires are visible.

Nice white finish with blue display and blue led buttons for the activated functions

Works with the Chromateq Led Player software. (included)

All the necessary programs can be created via computer and stored into the interface. Once this is done, you only have to press the buttons to activate your programs.

An optional external infra-red receiver can be connected to the unit (LD-512Kit-IR = IR receiver + 2 remote controllers)

For more information about the software: www.chromateq.com
