

LDP-COLORBAR 24FC

Powerful IP65 LED floodlight (length: 96cm) equipped with 24pcs 4W RGBW leds. The projector is divided into 4 independent sections.

Référence: B05146

579,00 € inc. VAT

- Powerful IP65 indoor/outdoor LED floodlight equipped for classic applications such as "wall licking".
- Excellent light output and perfect color mixing due to 4 watt RGBW LEDs and superior optical quality.
- Two versions available:
 - LDP-COLORBAR 12FC: 48 cm long housing equipped with 12 LEDs, divided into two sections.
 - LDP-COLORBAR 24FC: 96 cm long housing with 24 LEDs, divided into four sections.
- Elegant extruded aluminum housing with tempered glass cover finish
- The discreetly designed bracket can be easily fixed in any position.
- The included barn door hides the LEDs and reduces unwanted glare.
- Optimal thermal management for long life and easy maintenance
- Integrated power supply and DMX/LED control electronics for easy installation.
- Waterproof input and output connectors allow the user to connect up to 16 fixtures.
- Perfect for use in hotels, discos, stores, homes...
- Excellent integrated programs offering fabulous light effects in perpetual change.
- Completely silent operation, thanks to the natural convection cooling system.
- OLED alphanumeric display and waterproof touch buttons to select different options in the configuration menu.
- Works in stand-alone, master/slave or DMX controlled mode: easy selection of color fade, static colors/channels...
- The two models can be cascaded and used together in master/slave mode.
- Full DMX control with different channel modes: from 3 channels up to 10 channels (2 sections) or 20 channels (4 sections)
- Adjustable lamp behavior through transparent dimming speed control.
- Four intensity variation curves: linear, square, inverted square, S-curve
- In case of DMX failure, the "all off" or "hold" modes will remain available.
- Lock function to prevent unwanted configuration changes.
- Special waterproof inputs/outputs with adapter cables to XLR connector for compatibility
- Equipped with special GORE® ventilation to prevent moisture and condensation build-up inside the fixture.
- Optional cables available for simple waterproof connection (LDP-Powercable & Signal link cable)
- **NOTE: This product has an IP65 rating for outdoor installation under normal conditions (not exposed to sea water).**
