

## LED PAR64FC ZOOM

RGBL COB 150W LED spotlight with manual zoom, PAR64 housing

Référence: B05575

**519,00 € inc. VAT**

- High-power LED spotlight with manual zoom for precise, adaptable lighting
- Robust design in PAR 64 housing
- Equipped with a 150 W RGBL COB LED for rich, even colors
- IR remote control included for simplified control
- Wireless DMX compatibility: easily add an optional WTR-DMX dongle (Briteq, code: B04645)
- Multiple operating modes:
  - **Stand-alone mode with IR remote control:** automatic synchronized or rhythm-sensitive color effects
  - **Master/slave mode:** easy synchronization of multiple spotlights for coordinated light shows
  - **DMX control:** different channel modes for program selection and precise color management
- Ideal for mobile applications thanks to low energy consumption and high light output
- Adjustable beam angle from 9° to 30° for optimum coverage
- Versatile applications: perfect for discos, DJs, rental companies and more.
- 0-100% dimming with ultra-fast strobe function (no need for additional strobes)
- OLED display for fast, intuitive menu navigation
- **Practical double support: can be used as floor lighting**
