A complete light set ready to use for all your events and parties: a compact 4BAR, wireless foot pedal, telescopic stand and carrying bags

- A complete light show ready to use for all your events and parties
- **The package includes:**
 - A compact 4BAR powered with 4 RGB LED floodlights and 4 white strobe LEDs
 - A wireless foot switch
 - A telescopic stand
 - 2 carrying bags: 1 for the light bar and accessories + 1 for the telescopic stand
- Each RGB projector is equipped with 3 x 9 Watt LEDs
- Different modes of operation:
 - Stand-alone / with wireless pedal: automatic color patterns / synchronized to the rhythm
 - Master/slave mode: multiple bars can be used together for beautiful pre-programmed light shows or synchronized with music.
 - DMX-controlled: different channel modes with program selection and individual control of the fixture.
 - The RGB projectors can also be controlled by our famous LEDCON-02 Mk2 and LEDCON-XL.
- Beam angle of LED spotlight = 15°.
- Designed for colorful scenes, animation and events!
- 0-100% dimming and ultra-fast strobe function (no additional strobe required!)
- Excellent integrated programs for wonderful, ever-changing light shows!
- Special USB connection for use with optional wireless DMX dongle.
- LED display for easy menu navigation and configuration.
