Référence: B08402

169,00 € inc. VAT

- Simple and easy to use audio mixer with up to 6 stereo mic or line inputs!
- The perfect mixer for users with little experience with audio equipment: pubs, soccer canteens, gyms, restaurants, etc.
- 7 entries in total:
 - 1 stereo line input (2 balanced jacks on the back or stereo mini jack on the front panel)
 - 1 microphone input with low/high frequency equalizer and talkover function (adjustable attenuation/threshold)
 - 5 stereo microphone/line inputs with individual bass/high frequency equalizers
 - Balanced and unbalanced outputs with maximum level trimmer and mono/stereo switch.
 - Headphone output with volume control.
 - Recording output via RCA/Cinch jack.
 - Emergency message input (Euroblock connector) with automatic mute.
 - Euroblock input : mute of the main channels (closed contact = sound cut).
