

## MULTIBEAM LASER

A superb 850 mW RGRB + White class 3B color laser with 4 powerful temperature controlled lasers

**Référence:** B04236

- A superb 850 mW RGRB + White class 3B color laser equipped with 4 powerful temperature controlled lasers:
  - 2 red lasers of 150 mW (650 nm)
  - 1 x 50 mW green laser (532 nm)
  - 1 blue laser of 500 mW (450 nm)
- The 4 user modes make this laser very easy to use:
  - **CONTROLLED BY MUSIC:** 100% plug-&-play. Simply plug your device into the mains and enjoy a beautiful music-driven laser light show using the internal patterns! Ideal for rental companies!!!
  - **MASTER/ESCLAVE mode:** allows you to operate several devices at the same time, in total synchronization with the music. Amazing and yet very easy to use!
  - **AUTOMATIC mode:** automatic projection of all internal programs, without the need for music. You choose the speed that suits you: fast or slow.
  - **DMX mode:** two options are available:
    - 2 channels to configure and use the device extremely easily!
    - 10 channels to fully control all internal programs!
- Infrared remote control included
- LED display for easy navigation in the configuration menu.
- Perfect for use in clubs, discos, by mobile DJs and more.
- **SAFETY FIRST!** Class 3B lasers (with a power of more than 500 mW) can cause serious damage to the human eye. Never buy such a device without checking that it meets all safety requirements! This laser complies with the European directive EN 60825-1:2014 concerning the safety of laser beam devices! It includes the following features:
  - **Mechanical shutter lock connection:** press the safety button to disable the laser output.
  - **Key switch:** only authorized and well-trained operators are allowed to use the laser.

## Caractéristiques

<b>Brand</b>	JB Systems
<b>Controllable colours</b>	RGB
<b>Protection class</b>	IP20
<b>Function</b>	Wireless remote control
<b>Protocole</b>	DMX
