brand Audiophony

The high-performance MYOS (Make Your Own Sound) series comprises four wooden full-range speakers and two subwoofers. The Myos08A and Myos10A feature a Class D amplifier module that delivers 700 W RMS (350+350 W RMS), 1000 W RMS (500+500 W RMS) for the Myos12A and Myos15A, and 1000 W RMS for the Myos15ASub and Myos18ASub cabinets. This new module, combined with a switch-mode power supply and high-performance speakers and motors, delivers a powerful, clear and warm sound. The advanced DSP allows ideal tuning of sound reproduction, whatever the configuration for receptions, DJ performances or concerts. Presets allow quick and effective adjustment of the sound to suit the monitor, stand or front-panel configuration. Finally, you can always fine-tune the treble and bass settings. The speaker's design in 15 mm multi-ply contributes to the quality of its audio performance, while the special polyurea anti-scratch paint and robust hardware are designed for intensive use.

### Key features of the Myos18ASub loudspeaker :

- Exclusive design
- Class D 1000 W RMS amplifier module
- Integrated DSP with LCD display and drop-down menu
- Delay setting and Normal, Cardioid, End Fire modes
- 15mm plywood body, Polyurea textured anti-scratch paint

### Amplification:

Class D 1000 W RMS / 2000 W Max.

### Frequency response :

35 Hz - 150 Hz

### Power supply :

220-240V AC 50 Hz switching SMPS

**Sound pressure SPL :**

135 dB max.

**Woofers:**

18 inches

4-inch coil

Magnet 125 Oz

8 Ohms - 800 W AES

**Inputs:**

2 line inputs on COMBO XLR/JACK

**Output:**

2 XLR line outputs

**Settings:**

DSP with multiple settings (Level, Mode, Position, Delay, Polarity, High-pass and Low-pass filter, LED, Reset, Info)

**Protection:**

Short-circuit, thermal and limiter protection

**Construction and fastenings:**

Reinforced body in 15 mm multi-ply with band-pass system

Polyurea anti-scratch textured paint

Metal grille

LED Power/Clip on front panel

2 metal handles on the sides

Inserts for 4 optional rear wheels (H10875)

1 top-mounted screw-on socket for coupling bar

4 rubber pads below

**Dimensions:**

510 x 730 x 760 mm

**Net weight :**

55,9
