

PLTL-1x1

Movable platform 1 x 1 m - 500 kg/m² - supplied without feet **Supplied without feet**

Référence: H10395

289,00 € inc. VAT

PLTL-1x1: Mobile platform 1m x 1m

Light platforms

Compact, lightweight and sturdy platform. The top of the platform is made of plywood with a non-slip coating.

1 foot type only: 3 heights available

Light platforms can be supported by folding feet of different heights (from 20 to 60 cm).

The maximum height allowed is 1 meter with 2 stacked supports*.

*In order to stack two brackets, the following accessories must be added: PLTL-Clip and PLTL-Con

Features of PLTL-1x1

Material	Frame: Aluminium Top: MultiPLY 12mm
Dimensions	1 m x 1 m
Thickness	55 mm
Distributed load eligible	500 kg/m ² *
Finish	Black
Weight	12.10 kg

*500 kg/m² distributed over the entire platform surface with feet up to 60 cm high

About security

In accordance with the NF E85-015 standard:

- The maximum height allowed is 1 meter with 2 stacked supports.
- A guardrail must be installed if the height to be climbed is greater than 50 cm. These provisions are not exhaustive. For other requirements, please refer to the standard mentioned above.

Please note floor capacity:

Light series platform supports must have a perfectly flat surface. Each plastic foot must be in firm contact with the ground.

This platform is therefore not suitable for use on loose, uneven ground. Please distribute the loads evenly over the entire platform surface.

About railings and stairs:

A guardrail must be installed as soon as the height of fall is higher than 50 cm. A staircase less than or equal to 120 cm wide must have at least one handrail.

Fire resistance

Fire resistance class: Bfl-S1 (corresponds to French class M1). It complies with the European standard EN13501-1+A1:2010.
