brand JB Systems

- Powerful 200W LED alternative to the classic disco ball with spotlights!
- This POWERBALL offers the same kind of effect but with many more possibilities!
- 20 x 10-watt LEDs (10x warm white + 10x cool white) in 4 individually controllable groups.
- Quick and easy to install, easy to use.
- Full DMX control of rotation speed, colors (WW/CW), strobe, etc.
- Or simply use the excellent built-in programs for wonderful, constantly changing light shows.
- Several operating modes:
 - DMX control via 1, 3, 4, 8 or 10 channels
 - Stand-alone: sound-activated (internal microphone) or automatic
 - Stand-alone: controlled by the supplied IR remote control
- Several units can be connected in master/slave mode to create magnificent synchronized shows.
- 3-digit LED display for easy menu navigation.
- USB connection for wireless DMX control with optional Briteq® WTR-DMX dongle.
- Multiple units can be easily interconnected via the Powercon power input/output.
- Easy truss mounting using the Omega bracket included.
- Reduced height for fixed installation in cafés and clubs with low ceilings.
