

Powerpixel8-RGB

Powerful indoor LED floodlight equipped with 8 x 30W COB RGB LEDs.

Référence: B04401

629,00 € inc. VAT

- Powerful indoor LED floodlight equipped with 8 x 30W COB RGB LEDs.
- Thanks to the very wide beam angle of 60°, this projector is a perfect solution for "short distance" applications such as "wall wash", but can also be well suited for concert stages, theaters, discotheques, exhibition stands etc.
- Thanks to the RGB point sources there is absolutely no color shadow.
- HD-compatible video: 1200 Hz refresh rate
- Absolutely perfect for color mixing, even at very close range.
- Excellent integrated programs offering fabulous light effects in perpetual change.
- Excellent 16-bit RGB color mixing and 0% dimming.
- Quiet operation due to "low airflow" cooling system.
- Light shows in stand-alone, master/slave or DMX selected mode:
 - Static colors
 - Fades of colors
 - Different static chases
 - Various sound activated chases
- Full DMX control with different channel modes, from simple 3 CH mode to 32 CH modes for full RGB + GRADATION control of each pixel.
- Prepared for wireless DMX: just connect a DONGLE WTR-DMX! (optional, Briteq® code 4645)
- RDM functionality for easy remote configuration: DMX addressing, channel mode,...
- Backlit LCD display, 2x 16 alphanumeric characters for menu navigation.
- Neutrik PowerCon inputs/outputs: easy chaining of multiple units.
- 3 and 5 pin DMX inputs/outputs for maximum compatibility.
- High efficiency and low energy consumption!
- Multifunctional support for floor and structure mounting.
