

PRO BEAMER ZOOM Mk5 - RENTAL

7x 20W LED RGBW projector with 8° - 40° zoom

Référence: B05555

659,00 € inc. VAT

- Very powerful RGBW LED spotlight (27'640 lux @ 2m / 8°) composed of 7 x 20W quadricolor LEDs "OSRAM":
 - Unwanted RGBW shadows are completely eliminated
 - Perfect and uniform color mixing, even at close range
 - Motorized zoom: 8° - 40°.
 - Two zones (outer ring + center) can be controlled separately
- The solid cast aluminum frame is waterproof (IP66)
- The perfect replacement for traditional PAR64s: only 128 Watts of consumption at full power and no need for heavy and cumbersome dimmer packs!
- Different DMX modes: 3-25 DMX channels
- Thanks to these qualities and all sorts of special features, this projector has become the ultimate choice for professional light designers:
 - Pre-setting of different color temperatures 3200K ~ 10.000K
 - White & RGB calibration
 - Different gradation curves
 - Sealed power input/output connectors (Neutrik PowerCon® compatible)
 - Waterproof DMX input/output connectors
 - Recall of custom programs via DMX
 - LED menu on the back of the device with password protection.
 - Lens protection by tempered glass
- 1200Hz LED scanning speed allows for use in television studios (no interference with cameras)
- Totally silent: the projector is cooled by natural convection without noisy fans
- The lightweight aluminum housing is equipped with a double splint for which can also be used as a floor stand.
- **NOTE: This product has an IP65 rating when used for non-permanent outdoor installation and under normal conditions (not exposed to sea water).**
