EAN13 : 5420025662215

brand JB Systems

- This device is designed to produce decorative effect lighting and is used in light show systems.
- This is a very attractive two-color laser that uses high-quality 15 kHz scanners instead of ordinary stepper motors:
 - Very smooth and flexible movements
 - 64 Pre-programmed templates like: drawings, words, ...
- Fabulous pre-programmed laser shows for all kinds of applications: bar lounge, discotheque, mobile DJ, ...
- Class 3B laser based on 50mW green CW laser ($\lambda = 515\text{nm}$) and 100mW red CW laser ($\lambda = 650\text{nm}$).
- Several operating modes:
 - DMX control: 1 channel for easy use or 17 channels for total control
 - Stand-alone: sound activated (internal microphone) or automatic
 - IR-remote: infrared remote control
 - Master/slave: wonderful synchronized shows
- Integrated microphone.
- 3-digit LED display for easy menu navigation.
- Key-operated on/off switch and emergency switch (interlock) for added safety.
- Complies with EN/IEC 60825-1:2014 for laser safety.
