

SPYDER-RGB LASER

Référence: B06222

349,00 € inc. VAT

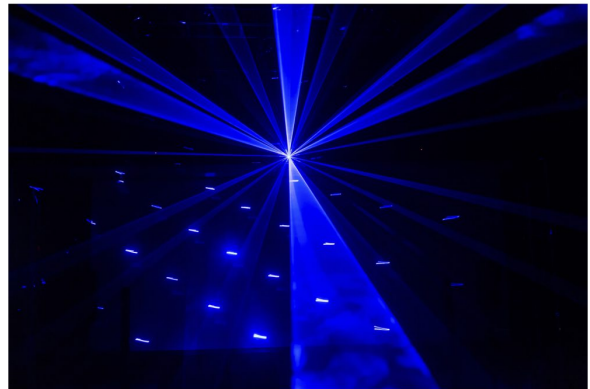

Very attractive RGB laser for DJs, pubs and discos

- This device is designed to produce decorative effect lighting and is used in light show systems:
 - Sharp beams and beautiful grid effects
 - 32 pre-programmed patterns
- Fabulous pre-programmed laser shows for all kinds of applications: bar lounge, discotheque, mobile DJ, ...
- Class 3B laser based on an RGB laser diode with 120mW red CW ($\lambda = 638\text{nm}$), 50mW green CW ($\lambda = 520\text{nm}$) and 300mW blue ($\lambda = 450\text{nm}$).
- Several operating modes:
 - DMX control: 6, 9 or 10 channels
 - Stand-alone: sound activated (internal microphone) or automatic
 - Master/slave: wonderful synchronized shows
- Integrated microphone.
- 3-digit LED display for easy menu navigation.
- Input of key-activated extinguishing switch and emergency switch (lockout) for additional security.
- Complies with EN/IEC 60825-1:2014 for laser safety.
