

STRIKER

Référence: B04190

499,00 € inc. VAT

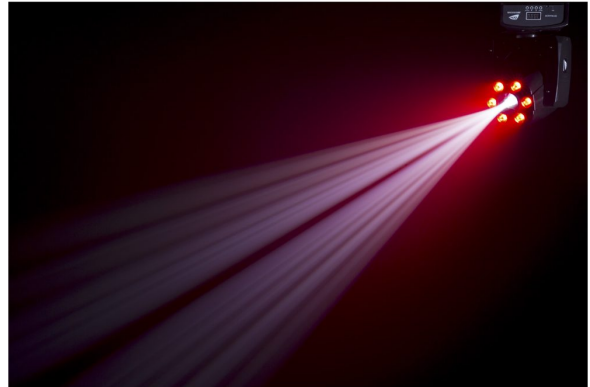

A LED spotlight (10°-30W-white) and wash (6 x 8W RGBW) for small club DJs. Prepared for wireless DMX: just connect a DONGLE WTR-DMX!

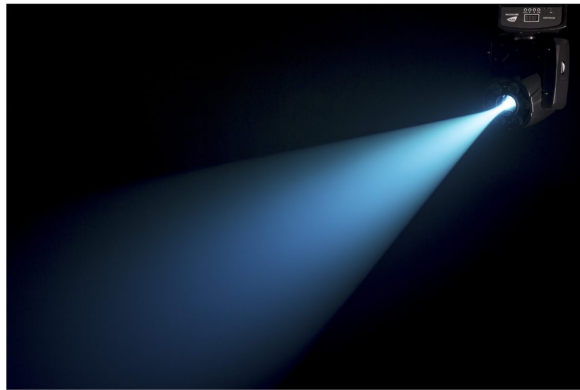

- Extremely compact but extremely bright LED spot and wash head with 10° beam angle (spot)
- Specially designed for DJs and small clubs.
- Built around one 30W high power white LED (spot) and 6 x 8W RGBW and white LED (wash)
- Very low power consumption, only 95 W (money saving!)
- Various strobe effects and dimming from 0 to 100%.
- Separate gobo wheel with 7 fixed gobos + open
- Separate color wheel with 7 colors + open
- DMX controlled sharpness
- Excellent integrated programs offering fabulous light effects in perpetual change.
- Numerous operating modes:
 - DMX control: via 5 or 19 channels
 - Stand-alone: sound activated via an internal microphone
 - Master/slave: wonderful synchronized light shows in stand-alone mode
- Prepared for wireless DMX: just connect a DONGLE WTR-DMX! (optional, Briteq® code 4645)
- 4-character LED display for easy menu navigation
