

TUBECAP-A1

Silicone plugs for TUBETAPE-A- per 10 pieces

Référence: H11348

6,80 € inc. VAT

Silicone tubes can be used to turn LED ribbons into "neon" by diffusing the light on the top or side in a uniform way, just slide the ribbon inside with the built-in wire puller. The fixing accessories allow all shapes while respecting the radius of curvature. The plugs ensure the watertightness once glued with silicone.
