

TUBEPROFIL-A

Référence: H11352

6,50 € inc. VAT

Aluminium guide profile 1 m for TUBETAPE-A

Silicone tubes can be used to turn LED ribbons into "neon" by diffusing the light on the top or side in a uniform way, just slide the ribbon inside with the built-in wire puller. The fixing accessories allow all shapes while respecting the radius of curvature. The plugs ensure the watertightness once glued with silicone.
