A very versatile RGBW light effect for all your parties

- A very versatile RGBW light effect for all your parties.

- Built-in automatic light and sound programs.

- Powered by 4 LEDs of 2Watts (1 x Red, 1 x Green, 1 x Blue, 1 x White).

- This unique concept offers almost unlimited possibilities. You can power and control the device in several ways:

  - Do you like it easy and simple? Use only the function switch on the unit (off-auto-sound)

  - Do you prefer to have some control? Use the included wireless IR remote control to select your programs

  - Do you like mobility? Use an external battery or car adapter to power the device

  - Do you prefer a more impressive configuration and total control? Connect it to the USB PARTYSET: all effects will work synchronously and DMX control will be available.

- DC 5V-2A USB power adapter + USB A → USB C cable included.
